Important Order Information

PLEASE ADD POSTAGE

PARCEL POST SHIPMENTS—Spring Hill's low prices, extra quality and careful packaging prohibit us from paying postage charges. Please add 45c minimum postage and packaging for orders less than \$4.50, and 10% for larger orders. (Example, for \$6.60 order, send 66c). Shipments west of the Rocky Mountains add 60c minimum postage and packing charge for orders less than \$4.50 and 20% for larger orders. Should transportation charges exceed the amount sent, or if you do not include postage, we will bill you for delivery charges at the time of shipment.

EXPRESS SHIPMENTS—Postal regulations will not permit us to ship trees or packages exceeding 5 feet in length. If a package exceeds this size, we will ship it express collect for the balance of delivery charge. Full credit will be given for postage you have sent. \$2.87 is the minimum express charge, so five or ten trees deliver as cheaply as one.

REMITTANCE—Payment in full should accompany all orders. Money Order, Check or Bank Draft are recommended. Avoid sending cash unless absolutely necessary. If you send silver, wrap it in heavy paper and REGISTER your letter. Sorry, no C.O.D.'s. U. S. Savings Bond Stamps will be accepted.

IN EVENT OF AN ERROR, OR CLAIM BEFORE SHIPMENT—If you wish to refer to your order, we must know your ORDER NUMBER. All orders are acknowledged and it is important that you keep the card we mail you since it contains your ORDER NUMBER.

AFTER SHIPMENT—If you wish to refer to your order, please send your ORIGINAL ORDER FORM with your letter or we will be unable to correspond with you. This original order form is returned to you when shipment is complete.

Giant Red Emperor

World's Largest and Earliest Tulip

(PICTURED IN COLOR OPPOSITE PAGE)

4B452 — Unquestionably the largest, most magnificent, brightest and earliest blooming of all tulips. Giant, dazzling, brilliant, scarlet blooms on strong 18 inch stems open up to 9 inches across revealing rich scarlet-crimson flowers with a glowing yellow base, ringed in black. Red Emperor blooms in April before the crocus fade, with the Daffodils and Hyacinths weeks before most tulips. People plant them by the hundreds for spectacular effects. Massed in beds, grouped in the garden or arranged indoors, they create a grand sight.

Jewel of Tibet

*Gigantic purple flowers
large as softball.*

8B005—(Pictured in color opposite page) (*Allium giganteum*) Truly magnificent, rare and unusual, huge sphere-shaped purple flowers 6 to 8 inches across are held majestically erect on sturdy stems 3 to 4 feet tall. The stunning flowers last for 3 to 6 weeks, are eye-catching and outstanding in the garden and make long-lasting cut flowers. Thousands of small, star-like florets with vivid purple petals are tightly set on these large, softball size flowers and sparkle like Oriental sapphires creating a spectacular sight. They bloom in late spring and will attract the entire neighborhood and all of your gardening friends. Plant the hardy bulbs Sept. to Dec. in well drained location. They last for years and multiply. Originating in the foothills of Tibetan Mts. bulbs are hardy in cold climates of America and are easily grown. Order early as we only have a limited supply of these new and unusual flowering bulbs.

Mammoth size flowering bulbs,

## Giant Hybrid BLUEBERRIES

### Blueberry Collection

23FG915—All season collection of 1 EARLIBLUE (early), 1 BLUE RAY (Midseason) and 1 BLUECROP (Late). All large, bushy, 3 yr., 1 to 1½ ft. plants. Regular \$4.20 value.

**3 for \$3.95**

Plus FREE Aluminum Sulphate to make soil acid

Grow these giant, juicy, mouth-watering, marble-size blueberries right in your own yard. The three new U.S.D.A. hybrids we offer will provide fresh blueberries continuously from late June through August. Lovely white flowers each spring are followed by huge, grape-like clusters of sapphire blue, mild, sweet berries, wonderful for fresh eating, for pies and for freezing. The bushes are perfectly hardy, easy to grow and are so attractive you can plant them in your front yard as hedges or in combination with other shrubs and evergreens. The plants will grow

for a lifetime and have glossy, waxed-like green foliage which changes to blazing crimson in autumn. Plant no less than two or more varieties a few feet apart for cross pollination and good fruiting.

Blueberries prefer an acid soil. You can make sweet or alkaline soil acid by mulching heavily with peat, sawdust and oak leaves or by mixing aluminum sulphate. We send sufficient aluminum sulphate with each order for planting the first year. If needed order additional ALUMINUM SULPHATE—23A501—5 pounds \$1.25.

**EARLIBLUE**—23F085C—The best new EARLY Blueberry—has a very good flavor.

**BLUE RAY**—23F084C—Fine, new MIDSEASON berry—does well in cold climates.

**BLUECROP**—23F083C—Dependable LATE hybrid—a fine light blue color.

## ROSA MULTIFLORA . . . The Miracle Living Fence

38H071C—Protect and beautify your property. An inexpensive practical fence that grows so dense no person or animal can get through.

The plants grow 6 to 8 ft. tall and 5 to 7 ft. wide, and are tough and fast growing. Covered with a multitude of white flowers in spring, and loaded with attractive red fruit in fall and winter which provides food for wild life.

Recommended by U. S. Soil Conservation service for livestock farm fence and for fac-

tories, parks, estates, institutions, large lawns, etc., that wish to keep animals and trespassers off their property. Present recommendations by U.S.D.A. are to plant 1 ft. apart in a single row for stock tight fence. Ornamental hedges can be planted 18 inches apart and kept trimmed to desired height.

Fences planted throughout east, west and south have proven successful. North of Milwaukee there is danger of winter injury.
